April 22, 2026

Dear QAS Families:

As a culmination in our Integrated Theme Studies (ie: Science, Christian Education, Math, Socials and English language Arts) and A.S.D.T. (Applied, Skills and Design Technology) subjects, the Grade Two class of Queen of All Saint's School has embarked on a project they called **"Children helping Children" Community Herb Plant Sale**. Come, see and buy from an array of 110++ nicely potted herb plants on display at the outside covered area beside the Grade 2 Room. If you don't have a garden, the herbs would be perfect on a sunny windowsill in your homes. The children spent productive times in class, organizing and planning this worthwhile project. The children have designed their "pots" using recycled materials and not only that, but each will also have a unique QR code which will guide you on how to care for your chosen plant.

The monies raised will benefit our chosen charity, the **Holy Childhood Association Pontifical Mission Societies - a Catholic organization** directed towards not only making Jesus known to children from all over the world but also providing programmes involving the building of schools, the provisions of health and nutrition, medications and having teaching and learning resources available to children. Who could better understand the needs of children than the children themselves. If you wish to know more about the organization, visit their website at www.missionsocieties.ca.

"Buy a plant, help a child". This venture will take place on Monday, April 27th, during short and long recesses and from 1:00-3:00 pm (dismissal time). Everyone young and old alike are invited to come and the classes will also have the chance to visit our display at these times. Prices are at \$8.00 and up depending on the variety and size. Come and join us. This will be a great opportunity you would not want to miss. See you all there!

Sincerely Yours,
The Grade Twos and Mrs. Lamasan
Queen of All Saints School
