Earthquake/Emergency Release Drill

Tomorrow we are having our Earthquake/Emergency drill. During this drill, we will be practicing our emergency release protocols. This means that staff and students will evacuate the building and gather on the gravel field.

The evacuation will start at 2:15 pm and we will have a station set up for parents to come and pick up their children, beginning at approximately 2:25 and up to 3:00 p.m. When you arrive, parents should head to the table and check in with the staff members. A staff member will then go and get the child(ren) and bring them to the parent. **Parents are asked to not enter the gravel field area.**

Families are asked to head straight home, once the child(ren) have been picked up. *The playground will be closed after school on this day, so the drill can proceed.* Please see the attached earthquake procedure and map.

Just a reminder, if your child(ren) attends the afterschool care on this day, they will be released to the afterschool care team.
